Information on your School

[SCHOOLS](#)

- *The academic offer is available at the following links:*
 1. [Study plan](#)
 2. [Syllabus](#) of Pharmacy, Biotechnology, Nutrition and Dietetics and Optics and Optometry
- *The University does not guarantee that the student can enroll in the chosen subject if there is a limitation of the number of places available, for academic reasons or due to COVID safety distances in the classroom. In the event that the student cannot enroll in some of the subjects chosen, once they have arrived at the CEU San Pablo University, the Academic Coordinator of International Relations of the Faculty will advise them to look for alternative subjects and modify their enrollment.*
- *In order to avoid any timetable conflict, it is highly recommended to select most of the courses within the same Degree and year. In case of timetable conflict with the laboratory sessions of the courses selected, the enrolment in those courses will not be allowed.*
- *Elective Courses (Optativas): please, check with the coordinators of International Relations at the Pharmacy School the offer of elective courses.*
- *Final Project, Pharmacy Placement and External Internship: Given that we have very limited places for these courses, students interested to be enrolled in these courses should contact of, the Coordinators of International Relations of the Faculty of Pharmacy to check their availability. Only after the confirmation of this availability they will be able to enrol in those subjects*
