

PHARMACOLOGY AND TOXICOLOGY 2

EXAM INSTRUCTIONS

Winter semester 2020/2021

Signing up: Dates for exams are set in AIS. Normal examination period starts on January 4th, 2021. One exam date is given in December 2020 and only students with score from both tests of at least 85% can sign up for this date. Students sign up (or cancel their participation) for the exam in AIS at least 24 hours before the exam. Examination topics are posted on the Pharmacology webpage of the Department of Pharmacology and Toxicology. For the exam, only topics 24-85 are required.

Exam organization: The exam will be online in MS Teams and will be in oral form. Before the start of the exam, all students are required to be online and available in MS Teams. All students will be invited into the exam meeting to control their presence, to test the internet connection and to be given general instructions, including a preliminary time schedule. After that, students will be invited individually for the exam. Student and examiner will randomly pick 2 questions. Student will have 30 minutes for preparation and the following exam will take ca 30 minutes. Results of the exam will be noted in AIS in the next 24 hours. For Erasmus students, certification will be handled by the Erasmus coordinator.

Requirements: Due to the complications of online examinations, the student must follow the following requirements:

- Student has a webcam and microphone turned on during the whole process
- Student is alone in a room; this will be verified at the start of the exam by showing the room to the examiner via the webcam
- Student needs his ISIC card or other type of identification
- Student can have only a pen and empty sheet(s) of paper; no books or notes are allowed
- Student will position his webcam so that his/her face and working space is clearly seen
- Aside from necessary interaction with MS Teams system, student will not manipulate with the computer

In Bratislava, December 7th 2020

PharmDr. Marek Matus, PhD.
