

**Information about the additional/ supplementary exam from the  
obligatory subject Pathology of the original Master study  
programme (ZS 2019)  
during examining period 25.5.-4.7. and 17.8.-31.8.2020 in summer  
course LS 2020  
*an updated version 20.5.2020***

<b>Education</b>	<b>18.2.2019 – 4.7.2020</b>
<b>Credits acquisition:</b>	<b>13.5.2020 – 17.5.2020</b>
<b>Examining period:</b>	<b>25.5.2019 – 04.07.2020      17.8.2019 – 31.08.2020</b>
<b>Summer holidays:</b>	<b>5.7.2020 – 31.8.2020</b>

**To exam Pathology may be done by the students who:**

complete the requirements for Pathology exam in ZS 2019 – it means they successfully passed the lectures, practicals and seminars and pretests, but did not pass the examination.

- Successful completion of the pretest along with the date have to be **written down in AIS by teacher** in the last educational week of the winter semester.
- The **examination** takes place in correspondence tuition (in written form) in the term announced according to the current schedule (see the <https://www.fpharm.uniba.sk/>; <https://uniba.sk/en/comenius-university-news/coronavirus/> ) once per month in AIS.
- This information is valid for regular students of the 2nd year of study and for those having obligatory subject Pathology in the 3rd or higher year of study
- Notice: If it is the subject of the transfer, so the students have, within the academic year (ie. ZS+LS) only entitled to 1 ordinary and 1 of the correction term.

The **examination** takes place in e-learning (in written form) in the term announced according to the current schedule (see the <https://www.fpharm.uniba.sk/>; <https://uniba.sk/en/comenius-university-news/coronavirus/> ) once per month; as the e-learning tool in the CU Bratislava is used Moodle (<https://uniba.sk/en/elearning/>).

The **examination test** /final has 40 questions (from all areas, see syllabus of lectures and practical exercises of the winter semester), for each question there is a choice of 6 possible responses, of which at least one is correct. The time for

passing the test is 60 minutes. **The minimum success rate of passing** the test of a proper examination (or additional resit tests) **is 50%**.  
(*Mark and score: A – 100-90%; B – 89-80%; C – 79-70%; D – 69-60%; E – 59-50%*)

If it is the **transferred subject**, so the student is entitled to **1 regular term and 1 resit term**. Dates will be entered into the AIS not later than 7.5.2020, or gradually completed. Students could apply to the time limits of the tests from the 15.5.2020 - 4.7.2020.

**A student who has not fulfilled the conditions of completing the subject in the winter and summer semester, and failed the exam the following year entered a new subject, a Systematic and pathology physiology.**

**To control the entry of the mark in the AIS it is the responsibility of each student.**
